

CALL FOR EXPRESSIONS OF INTEREST

1013-EOI-02-000120

1. INTRODUCTION:

1.1 This Call for Expressions of Interest ("EOI") invites qualified suppliers to participate in a forthcoming tender process for **Sulfuric Acid Spillage Remediation and Containment Services**. The scope involves the safe handling, containment, transportation, and disposal of sulfuric acid spillages along designated routes. These services are critical to ensuring environmental safety and regulatory compliance within the Democratic Republic of Congo (DRC).

1.2 Interested suppliers should express their interest by completing and submitting the following **mandatory** document with substantial information:

- An Expression of Interest for which template is attached hereto as Annex 1.
- A Supplier's identification for which template is attached hereto as Annex 2.
- List of clients to which the bidder has successfully delivered similar services and a short description of the service provided, including references and contact details of these clients.
- Certification that the tenderer is in good standing with the appropriate government and quasi-government institutions, such as the Revenue Service and the Department of Labour of the Democratic Republic of the Congo.
- The ARSP certificate or any other relevant document proving your compliance to the ARSP.
- Should you be a foreign company, kindly indicate which local DRC entity you intend to partner with for this project.
- Any authorisation, certification or other relevant document which gives you the ability to provide civil works.
- Demonstrate expertise in hazardous material remediation through a portfolio of successful projects.
- Provide evidence of certifications in hazardous substance handling and environmental management.

Documents ***must be sent*** to contracts@kamoacopper.com

ADVERTISEMENT DATE:

9 December 2024

DEADLINE FOR SUBMISSION OF EOI:

20 December 2024 12h00 Noon Kolwezi Time

2. SCOPE OF WORKS

Overall Containment:

- Assess and contain sulfuric acid spillage sites using specialised detection equipment.
- Deploy barriers and neutralisation agents to mitigate environmental risks.

Safe Handling and Transportation:

- Develop and implement safety protocols for handling and transporting sulfuric acid.
- Ensure compliance with hazardous materials regulations, including proper labelling and documentation.

Disposal:

- Coordinate safe disposal of contaminants with licensed facilities.
- Use advanced treatment methods to neutralise and eliminate hazards.

Health and Safety:

- Conduct regular safety training for personnel.
- Implement robust health and safety measures to minimise risks.

Reporting:

- Provide progress reports with detailed remediation and containment outcomes.

Compliance:

- Adhere to local environmental laws and international best practices.

3. QUALIFICATION CRITERIA:

Suppliers must:

1. Demonstrate expertise in hazardous material remediation through a portfolio of successful projects.
2. Provide evidence of certifications in hazardous substance handling and environmental management.
3. Prove compliance with DRC regulations, including ARSP certification.
